

“Communication, Interview & Employability Skill Development Training Program”

Considering the need for development of communication and interview skills to prosper in future career of students, it was planned to organize a **Communication, Interview & Employability Skill Development Training Program**”. Global Talent Track (GTT) is an education and training venture, set up by some of the best minds from the industry, education and technology domains. The venture aims to provide ‘quality with scale’ through programs delivered with the help of innovative technologies and compelling content. GTT in association with Barclays, Pune works for building competencies in graduating students, understand and develop the Key Skills they need to go forward into work.

Prof. Anil Tankar, Coordinator, Training, Placement & Career Counseling Cell, RSCOPR, communicated with Mr. Rahul Rai, **Manager, Global Talent Track** and planned a three day, **“Communication, Interview and Employability skill Development Training Program”** on 20th, 21st and 22nd September 2021.

Ms. Manisha Chavan, Assistant Professor & Member, Placement & Career Counseling Cell, RSCOPR coordinated further program. For this training, total 123 Students (65 final year B Pharm , 26 Third year B. Pharm, and 32 M. Pharm, students), batch 2021-22 were registered and attended the training program. The training sessions were conducted with online mode through Microsoft Teams platform by the Expert Trainers of GTT.

The training module was executed by the trainers through interactive sessions on interview skills & corporate readiness. Students were made aware about hierarchy and organizational structure. SWOT analysis of students was conducted. The training sessions comprised of guidance about corporate grooming habits (The right attire), right body language for a professional environment. Public Speaking and Presentation Skill activities helped to boost their confidence level. Students were made aware of E-mail and telephone Etiquettes. Trainers conducted few sessions on Time Management, Stress Management and Positive Attitude towards work. They were guided for building strong profiles through effective resume writing, facing the frequently asked interview questions. Group discussion and personal interview sessions

definitely would help them to fetch bright career opportunities. All the students participated actively in the training program.
