## FOOD ADULTERATION AWARENESS

**Name of the course:** 'Food Adulteration Awareness'

**Aim and objective:** 'Food Adulteration Awareness' Program aims to make aware the consumer about the common food adulterants present in different food.

**Course code:** RSCOPR-ESD-FAA

In the year 2018-19 our institute, Rajarshi Shahu College of Pharmacy & Research, Tathawade, started 'Entrepreneur and skill development' Program under the guidance of Training and Placement cell. In this program we took up a practical session on 'Food Adulteration Awareness' Program on 15/02/19, 16/02/19, 17/02/2019. It was under the emence guidance of Respected Principal Dr. K.R.Khandelwal that we could achieve great success.

**Objective:** The objective of this project is to make aware the consumer about the common food adulterants present in different food stuffs. Making consumer alert of food adulteration practices happening in the market at different levels of regarding the food adulteration and its effects.

**About the Program:** Students actively participated in explaining about what is adulteration, types of adulteration, why adulteration happens, demonstrations, how FSSAI is important, consumer protection help line numbers about consumer protection form. They demonstrated different tests to find adulteration in food which are common and can be done easily.

Students explained about how adulteration in food is normally present in its most crude form; prohibited substances are either added or partly or wholly substituted. They explained in details about how normally the contamination/adulteration in food is done either for financial gain or due to carelessness and lack in proper hygienic condition of processing, storing, transportation and marketing. This ultimately results that the consumer is either cheated or often become victim of diseases. Such types of adulteration are quite common. It is equally important for the consumer to know the common adulterants and their effect on health. Food is the basic and most essential need for growth and survival of living beings. One of the biggest challenges a human being is facing in the present days as a consumer is "Food Adulteration", as this stands as a severe health risk to them. In the present competitive world, marketers are trying the flood the

## ABOUT FSSAI

The Food Safety and Standards Authority of India (FSSAI) has been established under Food Safety and Standards , 2006 which consolidates various acts & orders that have hitherto handled food related issues in various Ministries and Departments. FSSAI has been created for laying down science based standards for articles of food and to regulate their manufacture, storage, distribution, sale and import to ensure availability of safe and wholesome food for human consumption.

Highlights of the Food Safety and Standard Act, 2006

- Various central Acts like Prevention of Food Adulteration Act,1954,

Fruit Products Order , 1955,

Meat Food Products Order,1973,

- Vegetable Oil Products (Control) Order, 1947,

Edible Oils Packaging (Regulation) Order 1988,

Solvent Extracted Oil, De- Oiled Meal and Edible Flour (Control) Order, 1967,

Milk and Milk Products Order, 1992 etc will be repealed after commencement of FSS Act, 2006.

**The Act aims** to establish a single reference point for all matters relating to food safety and standards, by moving from multi- level, multi- departmental control to a single line of command. To this effect, the Act establishes an independent statutory Authority – the Food Safety and Standards Authority of India with head office at Delhi. Food Safety and Standards Authority of India (FSSAI) and the State Food Safety Authorities shall enforce various provisions of the Act. Establishment of the Authority Ministry of Health & Family Welfare, Government of India is the Administrative Ministry for the implementation of FSSAI. The Chairperson and Chief Executive Officer of Food Safety and Standards Authority of India (FSSAI) have already been appointed by Government of India. The Chairperson is in the rank of Secretary to Government of India.

  
PRINCIPAL  
Rajarshi Shahu College of Pharmacy & Research  
Tathawade, Pune - 411 033.

FSSAI has been mandated by the FSS Act, 2006 for performing the following functions:

- Framing of Regulations to lay down the Standards and guidelines in relation to articles of food and specifying appropriate system of enforcing various standards thus notified.
- Laying down mechanisms and guidelines for accreditation of certification bodies engaged in certification of food safety management system for food businesses.
- Laying down procedure and guidelines for accreditation of laboratories and notification of the accredited laboratories.
- To provide scientific advice and technical support to Central Government and State Governments in the matters of framing the policy and rules in areas which have a direct or indirect bearing of food safety and nutrition.
- Collect and collate data regarding food consumption, incidence and prevalence of biological risk, contaminants in food, residues of various, and contaminants in foods products, identification of emerging risks and introduction of rapid alert system.
- Creating an information network across the country so that the public, consumers, Panchayats, etc receive rapid, reliable and objective information about food safety and issues of concern.
- Provide training programmes for persons who are involved or intend to get involved in food businesses.
- Contribute to the development of international technical standards for food, sanitary and phyto-sanitary standards.
- Promote general awareness about food safety and food standards
