1. Language and Communication Skills Language lab

Purpose	The purpose of implementing the Language Lab Facility at RSCPR is multi-faceted: <ul style="list-style-type: none">• To Improve Communication Skills• To Encourage Interactive Learning• To Bridge Linguistic Barriers
Benefits	The Language Lab Facility at RSCPR offers several significant benefits to the students and faculty: <ul style="list-style-type: none">• Personalized Learning: The lab provides customized language exercises and activities, catering to individual learning needs and proficiency levels, thereby ensuring effective skill development.• Self-Paced Learning: Students can access the lab outside regular class hours, allowing them to practice at their own pace, reinforcing their language skills at their convenience.• Enhanced Pronunciation: The lab employs advanced pronunciation tools, helping students refine their speech and diction, leading to clearer communication.• Real-Life Simulations: The facility utilizes interactive simulations and role-play exercises, preparing students for real-life communication scenarios they may encounter in their professional careers.
Outcomes	The Language Lab Facility at RSCPR has demonstrated tangible outcomes and positive impacts on students and the institution as a whole: <ul style="list-style-type: none">• Improved Language Proficiency: Students who regularly utilize the language lab exhibit significant improvements in their language proficiency, fostering their academic and professional growth.• Increased Confidence: As students gain better communication skills, their confidence level surges, enabling them to participate actively in group discussions, presentations, and interviews.• Better Employability: The enhanced language skills acquired through the lab make RSCPR graduates more attractive to potential employers, expanding their career opportunities.• Enriched Learning Environment: The language lab contributes to a dynamic and enriched learning environment, promoting a culture of language learning and mutual support among students.

The purpose of implementing the Language Lab Facility at RSCPR is multi-faceted:

- To Improve Communication Skills
- To Encourage Interactive Learning
- To Bridge Linguistic Barriers

Pharmacovigilance Certificate Course

Course Code: RSCOPR-PV

Year of Introduction: 2021-22

Objective: To provide basic knowledge of Pharmacovigilance to students and have better job opportunities

Outcomes:

Students will be able to attain following knowledge and skills:

1. To foster an ambitious desire to work in Pharmacovigilance
2. To update knowledge about Pharmacovigilance area to understand ethical standards
3. To pursue a life-long career in Pharmacovigilance for personal and professional growth for the betterment of society.
4. To work effectively in a group or team to achieve goals, develop leadership and time management.
5. To improve listening, writing and verbal communication.

Introduction of Course: The institution offers 'Pharmacovigilance Clinical Research' program for final year B. Pharm students and M.Pharm students. To meet the growing demands of Pharma and IT industries of a skilled person, the institute is striving hard to develop the skills of students by giving them value added courses. Transferable skills are skills and abilities that are relevant and helpful for social and professional areas of life. Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

Program Duration: For January to March

Scope:

1. Pharmacovigilance is gaining importance, as a carrier & is expected to provide jobs for thousands of young graduates of various fields.
2. In the last few years India has become a global hub for the Pharmacovigilance
3. These have provided large job opportunities to the youth of our country.
4. Taking into consideration all the above facts we decided to impart this value added course that is Pharmacovigilance certificate course to our B.Pharm Final Year and M.Pharm students

4. “Communication, Interview & Employability Skill Development Training Program”

Under certificate course Personality and Soft Skill Development 2022-23

Course code: RSCOPR-PSSD

Participated students: Final year B. Pharm & M Pharm students

Date of training: 7th, 8th and 9th February 2023 Time: 8.30 am to 6.30 pm

Considering the need for development of communication and interview skills to prosper in future career of students, it was planned to organize skill development training program. Rubicon Skill Development Pvt. Ltd, Pune works for building competencies in graduating students, understand and develop the Key Skills they need to go forward into work.

Prof. Anil Tankar, Coordinator, Training, Placement & Career Counseling Cell, RSCOPR, communicated with Ms. Ms. Kannupriya Saxena, Coordinator, Rubicon and scheduled a three day workshop on , “**Communication, Interview and Employability skill Development Training**” on 7th, 8th and 9th February 2023 for students.

For this training, a total 91 Students (63 Final year B. Pharm and 28 M. Pharm, students), batch 2022-23 were registered and attended the training sessions. The training sessions were conducted by Ms. Vartika Mishra and Mr. Arshad Baig Soft skill trainers, Rubicon Skill development Pvt. Ltd. The training module was executed by the trainers.

Students were made aware about hierarchy and organizational structure. SWOT analysis of students was conducted wherein student got to know their strength, weakness, opportunities and threats. Grooming session, public speaking and presentation skill activities boosted their confidence level. Students were made aware of E-mail and telephone etiquettes. Group discussion and personal interview sessions would help them to fetch future career opportunities. All the students participated actively in the training modules.

2. A report on “Communication, Interview & Employability Skill Development Training Program”

Students Participated: **Third year B. Pharm, Final year B Pharm & M Pharm (Batch 2021-22)**

Date of training program: **20th, 21st and 22nd September 2021**

Considering the need for development of communication and interview skills to prosper in future career of students, it was planned to organize a Communication, Interview & Employability Skill Development Training Program”. Global Talent Track (GTT) is an education and training venture, set up by some of the best minds from the industry, education and technology domains. The venture aims to provide ‘quality with scale’ through programs delivered with the help of innovative technologies and compelling content. GTT in association with Barclays, Pune works for building competencies in graduating students, understand and develop the Key Skills they need to go forward into work.

Prof. Anil Tankar, Coordinator, Training, Placement & Career Counseling Cell, RSCOPR, communicated with Mr. Rahul Rai, **Key Account Manager, Global Talent Track** and planned a three day, “**Communication, Interview and Employability skill Development Training Program**” on 20th, 21st and 22nd September 2021.

Ms. Manisha Chavan, Assistant Professor & Member, Placement & Career Counseling Cell, RSCOPR coordinated further program. For this training, total 123 Students (65 final year B Pharm, 26 Third year B. Pharm, and 32 M. Pharm, students), batch 2021-22 were registered and attended the training program. The training sessions were conducted with online mode through Microsoft Teams platform by the Expert Trainers of GTT.

The training module was executed by the trainers through interactive sessions on interview skills & corporate readiness. Students were made aware about hierarchy and organizational structure. SWOT analysis of students was conducted wherein student got to know their strength, weakness, opportunities and threats. The training sessions included guidance about corporate grooming habits (The right attire), right body language for a professional environment. Public Speaking and Presentation Skill activities helped to boost their confidence level. Students were made aware of E-mail and telephone Etiquettes. Trainers conducted few sessions on Time Management, Stress Management and Positive Attitude towards work. They were guided for building strong profiles through effective resume writing, facing the frequently asked interview questions. Group discussion and personal interview sessions definitely would help them to fetch bright career opportunities. All the students participated actively in the training program.

4 Certificate Course in Clinical Research

Course Code: RSCOPR-CR

Year of Introduction: 2012-13

Objective: To provide basic knowledge of clinical research to students and have better job opportunities

Outcomes:

Students will be able to attain following knowledge and skills:

1. To foster an ambitious desire to work in Clinical Research
2. To update knowledge about clinical research area to understand ethical standards
3. To pursue a life-long career in Clinical Research for personal and professional growth for the betterment of society
4. To work effectively in a group or team to achieve goals, develop leadership and time management.
5. To improve listening, writing and verbal communication.

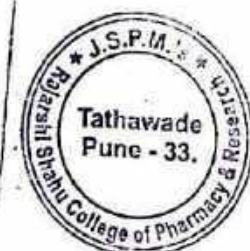

Introduction of Course: The institution offers 'Certificate Course in Clinical Research' program for final year B. Pharm students. To meet the growing demands of Pharma-industries of a skilled person, the institute is striving hard to develop the skills of students by giving them value added courses. Transferable skills are skills and abilities that are relevant and helpful for social and professional areas of life. Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

Program Duration: More than 30 hours for final year B. Pharmacy students during January to March

Scope:

1. Clinical Research is gaining importance, as a carrier & is expected to provide jobs for thousands of young graduates of various fields.
2. In the last few years India has become a global hub for the Clinical Research & Research work particularly in the form of Clinical Trials, Clinical Data Management, and Pharmacovigilance etc. which are being outsourced to our country.
3. These have provided large job opportunities to the youth of our country.
4. Taking into consideration all the above facts we decided to impart this value added course that is certificate course in Clinical Research to our B.Pharm Final Year students

Prof. Trupti Deshpande

Prof. Kakad Vrushali

Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

With an insight of this, institute has started this certificate course since 2012-13 for final year B. Pharm students to get an in-depth knowledge about clinical research and develop transferable and life skills.

Clinical Research is gaining importance as a career and provides jobs for thousands of Pharma graduates. In last few years India has become a global hub for the Clinical Research & Research work particularly in the form of Clinical Trials, Clinical Data Management, Pharmacovigilance which are being outsourced to our country.

Program Contents: Contents of the program are as follows:

1. Introduction to Clinical Research

Definition CRA, CRC, CRO, SMO, Site Investigator, Sponsored, Phases of Clinical Research, Scope, Good Clinical Practice (ICH-GCP), Drug development process, Careers in Clinical Research, Site Selection, Investigator, selection subject recruitment.

2. Ethics in clinical Research

Ethical theories and foundation, Ethics Principles, Informed Consent, Institutional review board.

3. Regulations in Clinical Research

Evolution and History regulation in clinical Research, Regulatory set up – Indian, UK, European Union (EMA), ICH Region, Schedule Y, IND, NDA, ANDA Post drug approval, PMS, FDA audits

4. Clinical Research Documents

Protocol, IFC, IB, CRF, SOP, BA/BE study report writing and publication

5. Clinical Research Management

Clinical Data Management, Safety reporting and Pharmacovigilance, Audits and Inspections, Outsourcing

Program Outcomes: Students will be able to attain following knowledge and skills:

1. To foster an ambitious desire to work in Clinical Research
2. To update knowledge about clinical research area to understand ethical standards
3. To pursue a life-long career in Clinical Research for personal and professional growth for the betterment of society
4. To work effectively in a group or team to achieve goals, develop leadership and time management.
5. To improve listening, writing and verbal communication.

Vision: To be the premier institute in the field of pharmaceutical education, research and healthcare for the betterment of society.

1. LANGUAGE AND COMMUNICATION SKILLS (LANGUAGE LAB)

Purpose	The purpose of implementing the Language Lab Facility at RSCPR is multi-faceted: <ul style="list-style-type: none">• To Improve Communication Skills• To Encourage Interactive Learning• To Bridge Linguistic Barriers
Benefits	The Language Lab Facility at RSCPR offers several significant benefits to the students and faculty: <ul style="list-style-type: none">• Personalized Learning: The lab provides customized language exercises and activities, catering to individual learning needs and proficiency levels, thereby ensuring effective skill development.• Self-Paced Learning: Students can access the lab outside regular class hours, allowing them to practice at their own pace, reinforcing their language skills at their convenience.• Enhanced Pronunciation: The lab employs advanced pronunciation tools, helping students refine their speech and diction, leading to clearer communication.• Real-Life Simulations: The facility utilizes interactive simulations and role-play exercises, preparing students for real-life communication scenarios they may encounter in their professional careers.
Outcomes	The Language Lab Facility at RSCPR has demonstrated tangible outcomes and positive impacts on students and the institution as a whole: <ul style="list-style-type: none">• Improved Language Proficiency: Students who regularly utilize the language lab exhibit significant improvements in their language proficiency, fostering their academic and professional growth.• Increased Confidence: As students gain better communication skills, their confidence level surges, enabling them to participate actively in group discussions, presentations, and interviews.• Better Employability: The enhanced language skills acquired through the lab make RSCPR graduates more attractive to potential employers, expanding their career opportunities.• Enriched Learning Environment: The language lab contributes to a dynamic and enriched learning environment, promoting a culture of language learning and mutual support among students.

2. Report on Guest Lecture on Polycystic Ovary Syndrome (PCOS)

JSPM's Rajarshi shahu college of pharmacy and research, Tathawade, Pune organized Guest Lecture on **Polycystic Ovary Syndrome' (PCOS), Women Empowerment Program under women's grievance redressal cell on Friday, 13/09/2019** at 11.30 am in Seminar hall of our institute. This time we were fortunate to listen talk by **Dr. Madhuri Roy**, Managing Director; Conceive IVF, consultant IVF and Reproductive Medicine, Pune. 1st September is celebrated as PCOS day and Month as PCOS Awareness Month, which is observed to increase awareness of, and education about, PCOS among the general public, women, girls and healthcare professionals. The aim of PCOS Awareness Month is to help improve the lives of those affected by PCOS and to help them to overcome their symptoms as well as prevent and reduce their risks for life-threatening related diseases such as diabetes, cardiovascular disease and cancer. Whole event was helpful to our ladies staff and girls students in developing the habit of eating nutritious food stuff to avoid PCOS.

3. Report on Yoga and meditation program

JSPM's Rajarshi Shahu College of Pharmacy and Research, Tathawade, Pune had organized Yoga and meditation program on dated July 11, 2020 at 5:00 PM India. Coordinator of program was Prof. TruptiDeshpande (Pharmacology Department of JSPM's RSCOPR) and Convener Dr. K.R Khandelwal. (Principal JSPM's RSCOPR) A speaker was Mrs. ShwetaShirsath, Yoga Trainer. She has been involved with Yoga and meditation for more than 2 years now. Students and Interested faculties attended the Program. Vote of thanks proposed by Prof. TruptiDeshpande (Faculty of Pharmacology department RSCOPR).

NOTICE

All the M. Pharm students are hereby informed that Department of Pharmacology JSPMs Rajarshi Shahu College of Pharmacy & Research, Tathawade, Pune organizing One Week Training Programme on “HANDS-ON CARE AND HANDLING OF LABORATORY ANIMALS” Schedule on 4th November 2019 – 10th November 2019 in the Seminar Hall (Third Floor) of our college.

All the students are encouraged to attend the same.

Dr. Vaishali M .Mute
(Program Co-ordinator)

Dr. K.R. Khandelwal
(Principal)

Course name: Recent Trends in Pharmaceutical Technology

Course code: RSCOPR-RTPT

Couse Assessment on "Hands-on Care and Handling of Laboratory Animals"

dated 4th - 10th November 2019.

Marks: 15

1. What is the Declaration of Helsinki?
 - a) A document outlining principles for medical research involving human subjects
 - b) A treaty between European countries to promote global healthcare standards
 - c) A declaration on international human rights and ethical practices in healthcare
 - d) A resolution on medical education and training guidelinesAnswer: a) A document outlining principles for medical research involving human subjects

2. When was the Declaration of Helsinki adopted?
 - a) 1952
 - b) 1978
 - c) 1964
 - d) 2001Answer: c) 1964

3. Which organization developed the Declaration of Helsinki?
 - a) World Health Organization (WHO)
 - b) United Nations (UN)
 - c) European Union (EU)
 - d) World Medical Association (WMA)Answer: d) World Medical Association (WMA)

4. What is the primary purpose of the Declaration of Helsinki?
 - a) To ensure patient confidentiality in medical research
 - b) To establish guidelines for ethical conduct in medical trials
 - c) To regulate the distribution of medical equipment worldwide
 - d) To promote alternative medicine practices globallyAnswer: b) To establish guidelines for ethical conduct in medical trials

5. What is computational modeling of drug disposition?
 - a) A technique used to measure the physical properties of a drug
 - b) A method to study the distribution and elimination of drugs in the body using mathematical models
 - c) A process of synthesizing new drugs in a laboratory setting
 - d) A strategy to optimize drug manufacturing processesAnswer: b) A method to study the distribution and elimination of drugs in the body using mathematical models

6. Which factors are typically considered in computational modeling of drug disposition?
- a) Drug absorption, metabolism, and excretion
 - b) Drug pricing and market demand
 - c) Drug side effects and adverse reactions
 - d) Drug manufacturing and quality control
- Answer: a) Drug absorption, metabolism, and excretion

7. What is the role of computational modeling in drug development?
- a) To determine the ideal dosage of a drug for a specific patient
 - b) To predict the efficacy of a drug in clinical trials
 - c) To simulate the interaction of drugs with specific target molecules
 - d) To analyze the pharmacokinetics and pharmacodynamics of a drug
- Answer: d) To analyze the pharmacokinetics and pharmacodynamics of a drug

8. Which mathematical techniques are commonly used in computational modeling of drug disposition?
- a) Linear regression and hypothesis testing
 - b) Differential equations and compartmental modeling
 - c) Cluster analysis and data mining
 - d) Statistical hypothesis testing and analysis of variance
- Answer: b) Differential equations and compartmental modeling

9. What are the advantages of computational modeling in drug development?
- a) Reduced costs and time required for drug testing
 - b) Elimination of the need for animal testing
 - c) Increased accuracy in predicting drug behavior in the human body
 - d) All of the above
- Answer: d) All of the above

10. What is histopathology?
- a) The study of living tissues under a microscope
 - b) The examination of tissues for the presence of pathogens
 - c) The microscopic examination of tissue samples to diagnose diseases
 - d) The study of the development and growth of tissues in organisms
- Answer: c) The microscopic examination of tissue samples to diagnose diseases

11. Which staining technique is commonly used in histopathology to visualize cellular structures?
- a) Gram staining
 - b) Acid-fast staining
 - c) Hematoxylin and eosin (H&E) staining
 - d) Immunohistochemistry staining
- Answer: c) Hematoxylin and eosin (H&E) staining

12. What is the purpose of antigen retrieval in histopathology?
- a) To remove excess staining from tissue sections

6. “Communication, Interview & Employability Skill Development Training Program”

Participated students: Third year B. Pharm & M Pharm students

Date of training : 16th, 17th and 18th January 2020

Considering the need for development of communication and interview skills to prosper in future career of students, it was planned to organize skill development training program. Rubicon Skill Development Pvt. Ltd, Pune works for building competencies in graduating students, understand and develop the Key Skills they need to go forward into work.

Prof. Anil Tankar, Coordinator, Training, Placement & Career Counseling Cell, RSCOPR, communicated with Ms. Soniya Patil, Coordinator, Rubicon and scheduled a three day, “**Communication, Interview and Employability skill Development Training Program**” on **16th, 17th and 18th January 2020** for students.

For this training, a total 102 Students (61 Third year B. Pharm and 41 M. Pharm, students), batch 2019-20 were registered and attended the training sessions. The training sessions were conducted by Mr. Prashant Sonawane and Ms. Darshana Turakhiya, Soft skill trainers, Rubicon Skill development Pvt. Ltd. The training module was executed by the trainers. Students were made aware about hierarchy and organizational structure. SWOT analysis of students was conducted wherein student got to know their strength, weakness, opportunities and threats. Grooming session, public speaking and presentation skill activities

boosted their confidence level. Students were made aware of E –mail and telephone etiquettes. Group discussion and personal interview sessions will help them to fetch future career opportunities. All the students participated actively in the training modules.

8 Certificate Course in Clinical Research

Course Code: RSCOPR-CR

Year of Introduction: 2012-13

Objective: To provide basic knowledge of clinical research to students and have better job opportunities

Outcomes:

Students will be able to attain following knowledge and skills:

1. To foster an ambitious desire to work in Clinical Research
2. To update knowledge about clinical research area to understand ethical standards
3. To pursue a life-long career in Clinical Research for personal and professional growth for the betterment of society
4. To work effectively in a group or team to achieve goals, develop leadership and time management.
5. To improve listening, writing and verbal communication.

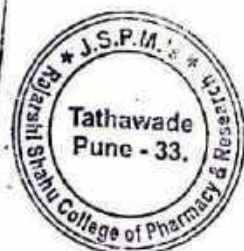

Introduction of Course: The institution offers 'Certificate Course in Clinical Research' program for final year B. Pharm students. To meet the growing demands of Pharma-industries of a skilled person, the institute is striving hard to develop the skills of students by giving them value added courses. Transferable skills are skills and abilities that are relevant and helpful for social and professional areas of life. Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

Program Duration: More than 30 hours for final year B. Pharmacy students during January to March

Scope:

1. Clinical Research is gaining importance, as a carrier & is expected to provide jobs for thousands of young graduates of various fields.
2. In the last few years India has become a global hub for the Clinical Research & Research work particularly in the form of Clinical Trials, Clinical Data Management, and Pharmacovigilance etc. which are being outsourced to our country.
3. These have provided large job opportunities to the youth of our country.
4. Taking into consideration all the above facts we decided to impart this value added course that is certificate course in Clinical Research to our B.Pharm Final Year students

Prof. Trupti Deshpande

Prof. Kakad Vrushali

**Value-added course imparting transferable and life skills by
'Certificate Course in Clinical Research'**

Name of the value-added course: Certificate Course in Clinical Research

Course Code: RSCOPR-CR

Year of Introduction: 2012-13

Introduction of Course: The institution offers 'Certificate Course in Clinical Research' program for final year B. Pharm students. To meet the growing demands of Pharma-industries of a skilled person, the institute is striving hard to develop the skills of students by giving them value added courses. Transferable skills are skills and abilities that are relevant and helpful for social and professional areas of life. Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

With an insight of this, institute has started this certificate course since 2012-13 for final year B. Pharm students to get an in-depth knowledge about clinical research and develop transferable and life skills.

Clinical Research is gaining importance as a career and provides jobs for thousands of Pharma graduates. In last few years India has become a global hub for the Clinical Research & Research work particularly in the form of Clinical Trials, Clinical Data Management, Pharmacovigilance which are being outsourced to our country.

Program Contents: Contents of the program are as follows:

1. Introduction to Clinical Research

Definition CRA, CRC, CRO, SMO, Site Investigator, Sponsored, Phases of Clinical Research, Scope, Good Clinical Practice (ICH-GCP), Drug development process, Careers in Clinical Research, Site Selection, Investigator, selection subject recruitment.

2. Ethics in clinical Research

Ethical theories and foundation, Ethics Principles, Informed Consent, Institutional review board.

3. Regulations in Clinical Research

Evolution and History regulation in clinical Research, Regulatory set up – Indian, UK, European Union (EMA), ICH Region, Schedule Y, IND, NDA, ANDA Post drug approval, PMS, FDA audits

4. Clinical Research Documents

Protocol, IFC, IB, CRF, SOP, BA/BE study report writing and publication

5. Clinical Research Management

Clinical Data Management, Safety reporting and Pharmacovigilance, Audits and Inspections, Outsourcing

Program Outcomes: Students will be able to attain following knowledge and skills:

1. To foster an ambitious desire to work in Clinical Research
2. To update knowledge about clinical research area to understand ethical standards
3. To pursue a life-long career in Clinical Research for personal and professional growth for the betterment of society
4. To work effectively in a group or team to achieve goals, develop leadership and time management.
5. To improve listening, writing and verbal communication.

1. REPORT ON YOGA AND MEDITATION

Our College has organized Three Days Heartfulness Meditation Workshop for the students and staff members of JSPM'S RSCOPR on 26th, 27th and 28th July 2018 at Seminar Hall, between 8.30-9.30 am. The Speakers were Mr. Ritesh Rai, Ms. PoojaSinha, Ms. Chhaya Parekh and Ms.Yamini. Heartfulness Meditation Programs offered an easy and a gradual approach to what is essentially the essence of sahajmarg system of raja yoga meditation practicable for modern day. Continued practice of Heartfulness Meditation can help the individual derive benefits of cultivating deeper inner-connectedness, enhancement of the efficiencies of the mind and also develop the requisite balance and inner harmony essential to a wholesome life. All the students and faculty members attended the programme. Prof. Trupti Deshpande Coordinated the Programme.

**6 Value-added course imparting transferable and life skills by
'Certificate Course in Clinical Research'**

Name of the value-added course: Certificate Course in Clinical Research

Course Code: RSCOPR-CR

Year of Introduction: 2012-13

Introduction of Course: The institution offers 'Certificate Course in Clinical Research' program for final year B. Pharm students. To meet the growing demands of Pharma-industries of a skilled person, the institute is striving hard to develop the skills of students by giving them value added courses. Transferable skills are skills and abilities that are relevant and helpful for social and professional areas of life. Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

With an insight of this, institute has started this certificate course since 2012-13 for final year B. Pharm students to get an in-depth knowledge about clinical research and develop transferable and life skills.

Clinical Research is gaining importance as a career and provides jobs for thousands of Pharma graduates. In last few years India has become a global hub for the Clinical Research & Research work particularly in the form of Clinical Trials, Clinical Data Management, Pharmacovigilance which are being outsourced to our country.

Program Contents: Contents of the program are as follows:

1. Introduction to Clinical Research

Definition CRA, CRC, CRO, SMO, Site Investigator, Sponsored, Phases of Clinical Research, Scope, Good Clinical Practice (ICH-GCP), Drug development process, Careers in Clinical Research, Site Selection, Investigator, selection subject recruitment.

2. Ethics in clinical Research

Ethical theories and foundation, Ethics Principles, Informed Consent, Institutional review board.

3. Regulations in Clinical Research

Evolution and History regulation in clinical Research, Regulatory set up – Indian, UK, European Union (EMA), ICH Region, Schedule Y, IND, NDA, ANDA Post drug approval, PMS, FDA audits

4. Clinical Research Documents

Protocol, IFC, IB, CRF, SOP, BA/BE study report writing and publication

5. Clinical Research Management

Clinical Data Management, Safety reporting and Pharmacovigilance, Audits and Inspections, Outsourcing

Program Outcomes: Students will be able to attain following knowledge and skills:

1. To foster an ambitious desire to work in Clinical Research
2. To update knowledge about clinical research area to understand ethical standards
3. To pursue a life-long career in Clinical Research for personal and professional growth for the betterment of society
4. To work effectively in a group or team to achieve goals, develop leadership and time management.
5. To improve listening, writing and verbal communication.

Certificate Course in Clinical Research

Course Code: RSCOPR-CR

Year of Introduction: 2012-13

Objective: To provide basic knowledge of clinical research to students and have better job opportunities

Outcomes:

Students will be able to attain following knowledge and skills:

1. To foster an ambitious desire to work in Clinical Research
2. To update knowledge about clinical research area to understand ethical standards
3. To pursue a life-long career in Clinical Research for personal and professional growth for the betterment of society
4. To work effectively in a group or team to achieve goals, develop leadership and time management.
5. To improve listening, writing and verbal communication.

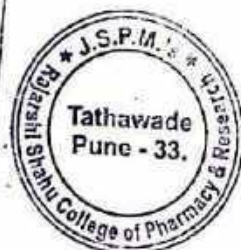

Introduction of Course: The institution offers 'Certificate Course in Clinical Research' program for final year B. Pharm students. To meet the growing demands of Pharma-industries of a skilled person, the institute is striving hard to develop the skills of students by giving them value added courses. Transferable skills are skills and abilities that are relevant and helpful for social and professional areas of life. Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

Program Duration: More than 30 hours for final year B. Pharmacy students during January to March

Scope:

1. Clinical Research is gaining importance, as a carrier & is expected to provide jobs for thousands of young graduates of various fields.
2. In the last few years India has become a global hub for the Clinical Research & Research work particularly in the form of Clinical Trials, Clinical Data Management, and Pharmacovigilance etc. which are being outsourced to our country.
3. These have provided large job opportunities to the youth of our country.
4. Taking into consideration all the above facts we decided to impart this value added course that is certificate course in Clinical Research to our B.Pharm Final Year students

7. Life Skill Training Report

Company: Rubicon Skill Development, Pune and Barclays, Hinjewadi, Pune

Class: Final year B. Pharm

Date of training: 27th March 2019

Rubicon Skill Development Private Limited is an Indian Non-Government Company, which work for building competencies, which would help graduating students seek careers and prosper in their career of choice.

Barclays is a British multinational investment bank and financial services company, headquartered in London, has Pune based office at Hinjewadi. They help graduating students understand and develop the Key Skills they need to go forward into work.

Rubicon's "Connect with Work" Program, supported by Barclays aims at improving the employability skills of the youth.

Prof. Anil Tankar, Coordinator, Training, Placement & Career Counselling Cell, communicated to Ms. Sruchi Mench, Coordinator, Rubicon, and scheduled a training program for Final year B Pharm students (2018-19 batch) on 27th March 2019, Wednesday.

Thirteen Final year B. Pharm students visited to Barclays office at Hinjewadi, Pune along with Prof. Yogesh Wagh, Assistant professor, RSCOPR.

Life Skills training was conducted by Barclays personnel where in following parameters were covered-

1. Organizational Structure
2. Public Speaking
3. Presentation Skills
4. E-mail Etiquette
5. Grooming
6. Group Discussion
7. Personal Interview

Student assessment was conducted through Group Discussion and Personal Interview.

The students interacted with trainers of Barclays and got their queries answered on career options and career growth as well as the latest trends in the industry.
