2.2.1 Special programs are organized and implemented by the institution for slow learners

1. **Learning Management Systems (Moodle)**- Institute has online Learning management platform on which all subject teachers uploads topic wise PowerPoint presentation, related videos, question banks, previous year University question papers. All the students can access this study material through their personal login account. This Self-Paced learning enables a student to create an individual learning plan and positively affects overall student performance.

The screenshot displays a Moodle LMS interface. The browser address bar shows the URL: lms.jspmrcopr.edu.in/course/view.php?id=154. The user is logged in as Manisha Chavan (MC). The course title is "Instrumental Methods ...". The breadcrumb trail is: Courses > B. Pharmacy > Final Year > Academic Year 2023-24 > SEM VII > IMA. The course content area shows "Course content", "Tab two", and "Tab one". The main content area is titled "Pharmacy Program Outcomes and IMA Th Course Outcomes" and includes an "Announcements" section. A box highlights the "PROGRAM OUTCOMES" section, which lists "I. Pharmacy Knowledge: Possess knowledge and comprehension of the core and basic knowledge associated with the profession of pharmacy, including biomedical sciences; pharmaceutical sciences; behavioral, social, and administrative pharmacy sciences; and manufacturing practices." The Windows taskbar at the bottom shows the system tray with the date and time (16°C, 16:00, 16/08/2024, ENG).

3. Academic Progression Monitoring in continuous Mode assessment (Internal Exam) and Remedial Measures.

Subject teachers monitor the Academic Progression of each student in continuous mode assessment (internal marks secured in sessional examination). Students securing marks less than 50% in respective examination were required to undertake the Remedial Measures.

Respective subject teachers and faculty guardians provide guidance and encouragement to those learners so they can perform effectively in their studies. Difficult topics and critical practical sessions were repeated in remedial classes. Topic wise study material (Notes, Power Point presentation, simulation videos, e-books English dictionaries, Question banks, previous year University question papers) were made available to those learners.

The specimen of the same is attached below herewith-
