A Report on One Day Industrial Training and workshop Program
(2025-26)

Industry Name: BioEra Life Sciences Pvt. Ltd. Pune

Class: Final Year B Pharm and M. Pharm

Biotechnology is one of the emerging fields which enable the development of novel therapies like gene therapy, immunotherapy which are transforming the field of pharmacy. Visiting a biotechnology industry helps students to integrate theoretical concepts with practical applications. With this aim Prof Anil Tankar, Coordinator of Training Placement and Career Counseling Cell of JSPM's RSCOPR communicated with one of the leading Biotech Industry **BioEra Life Sciences Pvt. Ltd. Pune** for the organizing industrial training, workshop and visit. The Faculty members Prof. Manisha Chavan, Prof. Manjiri Shastri and Prof. Bharati Gawai coordinated with Ms. Sneha and Ms. Bhoomi, HR manager of Industry and Students. An Industrial Training Program cum Visit was organized by our College for **Final Year B Pharm and M. Pharm** students on **10/10/2025**. Twenty Two students accompanying 2 faculty members visited **BioEra Life Sciences Pvt. Ltd. Pune** located at **Tathawade, Pune**.

This one day Training and workshop program was aimed to provide hands on training, knowledge of Biotechnology field. The training and workshop program included:

- 1) Corporate Presentation,
- 2) Technical Workshop (Experiments -Genomic DNA extraction, PCR and Gel Electrophoresis)
- 3) Industrial Tour

Training program was commenced with the corporate presentation where every aspect of industry has been covered starting from the establishment of industry, growth rate, new innovations done in industry. Hands on Practical session were the main attraction where students observed all the steps of practical carefully. The industrial tour started with industry product showroom area where various instruments manufactured by BioEra were kept, it includes UV spectrophotometer, Incubator, PCR, Gas Chromatography, Micropipettes, Gel Electrophoresis etc. Students have taken information of all instruments. In Industrial tour they visited to second department of Product Designing where they understand the process of designing, logo making, leaflets making, packaging etc. Afterwards students visited the environment friendly campus of industry. The students were curious throughout the visit and interacted with personnel of various departments. The training and workshop program concluded with feedback session and certificate distribution. Vote of thanks given by Prof. Manjiri Shastri.

This Industrial training and workshop program was a success, providing students with valuable knowledge and skills and industry insights. The personnel of the company were highly cooperative and provided excellent hospitality.
